

Science figure template

1 column, Max width: 3.55"

A

2 column, Max width: 7.25"

A

1.5 column [previously 2 (of 3) column width]: 4.75"

A

Max intermediate width: 5.67"

A

Max suggested depth: 7.8"

Full figure (incl. caption) no deeper than 9"

Science journal:

- 1) 1-column width = 3.55"; 2-column width = 7.25"
- 2) Figure labels are uppercase and bold in sans serif (Helvetica preferred, but Arial, Myriad ok) Bold size 10. Axis labels are 6-9 pt font. Minimum font size 6.
- 3) Raster settings minimum of 300 dpi but larger is preferred.
- 4) Minimum linewidth of 0.28 pts.
- 5) If the figure is not a full 2 columns wide, the width should not exceed 5.67 in, 14.4 cm
